Killy Billy

きりびり

This is an example of a synopsis, except it's not really a synopsis of anything. Sue me. How many words can fit in this itty bitty text box, I wonder? Probably somewhere between "a couple" and "a lot"... I think. But then again, I'm not really much of a thinking man. In fact, I'm not a man at all. I'm just a lonely little page in a book, filled with all kinds of interesting elements such as text boxes, image frames, and.... Well, that's about it, really. So I guess there weren't that many elements. But still, it's who I am. And I'm proud of that. Or I would be, if a page could have pride. Then I'm gonna continue filling my boxes with words until they are satisfied and my thirst for thingstuffs is quenched. Hot damn I'm running out of shit to fill myself with, though! What else can go in here? Names, perhaps? Bob, Thomas, Jim, Ashton, Kyuubey, Pizza, Bacon... damn I could go for some bacon right now, the only thing remotely tasty as it is words. But words aren't as filling. Just look at all the words I've eaten so far, yet I'm still not full! What the actual fuck? Wait... we're getting close, I can feel it! Just a little more and I'll be full. Like... really full. Really, really full... for reals. So close I can taste the textbox's butt. And...There!
